

Number: CSB-140514-1

Released: 23rd May 2014

Modified:

Subject: FortiGuard updates to FortiOS 3.0 to finish

Product: All FortiGate models running 3.0 software

Description of Issue:

The AntiVirus (AVE) and IPS (IPSE) engines associated with FortiOS 3.0 software will reach end of life in July 2014. On or before January 1st 2015, no further AV engines or signature packages and IPS engines or signature packages will be available on the FortiGuard distribution network for devices running FortiOS 3.0.

Affected Products:

All FortiGate models running FortiOS 3.0

The last engine versions supported with FortiOS 3.0 to 3.0 MR5 software are as follows:

IPS Engine: 1.097

AV Engine: 3.010

The last engine versions supported with FortiOS 3.0 MR6 and later software are as follows:

IPS Engine: 1.129

AV Engine: 3.010

Resolution:

To continue to receive FortiGuard AV and IPS updates the FortiGate units running FortiOS 3.0 must be upgraded to a software version that continues to receive updates, FortiOS 4.0 or later releases.
